25X1D6b

25X1D6b

e. We will make every effort to borrow the necessary [REDACTED] equipment from NSA. This has a good probability of success, however its continued use in FY 1966 will require [REDACTED] 25X1A1a

The original technical annex totaled [REDACTED], thus the revised technical annex of [REDACTED] represents a reduction of [REDACTED] in total project cost. The revised project cost becomes [REDACTED] minus [REDACTED]. It is recommended that the project be renewed for [REDACTED] against an availability of [REDACTED] and that the Chief, BPAM carry the [REDACTED] as an item to be covered later through Agency reprogramming.
